Hi Alexander

You have specified several suppliers

Hangzhou Nonwowen Co Ltd

Ottobock

Jiangmen Tape Co Ltd

Nanjing Carton Co Ltd

Anhui Anquing Baojie Packing Co Ltd

Do they all have ISO13485 or ISO9000 if so by which Notified body.

I assume Hangzhou Nonwowen Co Ltd. and JianTape Co Ltd are already supplying these products to medical companies who then like you manufacture finished medical products. A bit of background information would be very useful.

Kind regards

John

Dear Mr.John,

For your reference, the following link you can find the ISO certificate from OTTOBOCK.

http://www.ottobock.de/cps/rde/xbcr/ob_de_de/ISO_13485_MobSol.pdf .

The rest of the suppliers they do not have the ISO certificate at this stage.

Thanks & best regards,

Alexander

Hi Alexander

This is not a major problem yet.

However ISO13485 expects all our suppliers to have ISO9000 or to have visited the manufacturers site and carried out a simple audit. This usually takes the form of a questionnaire asking if they have a quality system, keep records and employ post market surveillance.

If you have done this can you write to me stating you have and that you are satisfied.

This coupled with your ISO and quality system should be enough..

We already do this with some of our very small suppliers and so far have not had difficulties with our Notified body.

Kind regard

John
