Hi Mariseth,

Thank you for your email.

We do not issue an official quotation until the device has been received, then we send the quotation to you and upon receipt of a PO, the repairs team would proceed.

The price for calibration is £60, plus £12 carriage plus VAT (unless of course the repairs team find something else that needs to be done).

In order to proceed, I would need to provide you with a returns reference number. Please let me know if this is the case.

Many thanks.

Kind regards

Kate Griffiths
