

09:41

should I delete this been in the 8's since June

SN

Steve, 10:01

Should be perhaps just one or two items still due. Hope that the last items will be supplied to us by our supplier. Add note, review end of November to see if realistically still possible (delays from manufacturer). If still a delay will need to advise our supplier and Honeywell that we will have to cancel the remaining item/s.
