Hi Helen - I have a Proforma customer (ABB NeoPuls) who would like 3x sensors shipping today - I've spoken to Ryan and he said he would be happy for us to go ahead and ship before payment is received and to speak with you - are you happy to approve it?xx

Yes that's fine. Can you make yourself a note to check for payment. Over n xt week or so. We have a lot of bsi stuff to do today.

You could send me it on an email or issue so I can keep checking if that works 😊
