Hi Mary,

Thank you for your revised order. Before I update the proforma invoice, please could I let you know that part number 0110019 is not currently in stock. The in stock alternative is as follows:

0110018 Viamed R-17V - this has a tighter output (9-13mV), faster response time (<5s), but shorter life. I have attached a specification data sheet for the R-17V.

I await your reply.

Many thanks.

Kind regards

Kate Griffiths

Dear Kate.

There will be revision of this order, as more items will be added. You will receive it shortly.

Further to the above, as I have mentioned to Ryan to PLEASE **immediately ship** the other order regardless if some connectors are missing. You can include them in the shipment of this new order.

Please inform me whether the previous order has been shipped. It is imperative to have it next week.

Regards
Nick
