Hello Mel

Good afternoon

Thank you for your enquiry for the part you require.

The part you have quoted is the Bluepoint version of the VM-2500-S capnograph.

I will attach below for you a SpO2 sensor leaflet for you to confirm which type you require but I do need to advise you that these are Viamed versions, we will need to get the Bluepoint equivalent for you as the sensors are 'chipped' and need to be the correct coding to work on your Bluepoint device.

Please let me know which one you require or if you require any further assistance.

Kind regards
