All Contractors providing Maintenance and/or repair must ensure that they have a robust system in place whereby they are notified by either the OEM, or recommended or legislative bodies of any changes to repair and maintenance instructions, or any other essential safety information, and that they will also act in accordance with any notifications and identify such notifications and conclusions to the Trust EBME Manager or Operational Maintenance Manager. Maintenance and repair service providers must also have all necessary testing, measuring and repair equipment and ensure it is maintained and calibrated. Calibration certificates should be maintained. Calibration must be traceable to national and international standards records and must be kept for each piece of test, repair or maintenance equipment and be incorporated into the service providers quality assurance system. All personnel providing a maintenance and/or repair service must be fully competent and trained to provide such service.

**Terms & Conditions**

1. Unless specified as an order placed under an existing contract, this order is subject to the NHS Conditions for the Supply of Goods (a copy of which may be obtained on application)

2. ALL goods must be accompanied by a delivery note.

3. The above order number must be quoted on all advice notes, delivery notes, invoices, correspondence, acknowledgements etc.

4. Any alteration in quantity or price must be confirmed in writing by the ordering officer, as per contract conditions.

5. It is a condition of this order that the property and risk of the goods shall lie with the supplier until the goods have been accepted at the specified delivery address, as per contract conditions.

6. Invoices not complying with the above will be returned to suppliers.

**All Contracted Personnel MUST Report to EBME before commencing work on site.**
