That would help wouldn't it Kate.

Sorry about that, please see attached...

Kind Regards

Garry

Good afternoon Garry,

Please could you send me the attachment?

Many thanks.

Kind regards

Kate Griffiths

Viamed is now enacting hybrid working to allow sales and admin staff to work remotely and in the office. Telephone calls to the main office will be answered, but please continue to use email where possible.

Hello,

Please find attached PO2200060341 which you quoted to my colleague Vickie Mathieson in November.

Please confirm receipt of this order and note the following points.

- Please ensure our PO number is listed on any delivery paperwork, including items that come direct from manufacturers or third parties.
- Please advise country of origin and HS code for the materials that are supplied on this order on your delivery note.
- Please advise the expected delivery date for this order and unless agreed in advance please deliver all goods as one complete order.
- If ESWL do not currently have credit account facilities set up with your company please send relevant account forms so that we can establish credit terms.
- If you are shipping these goods by UPS/ DHL/ TNT/ Fedex please advise them of the correct account number for import duties and VAT to be charged to, these accounts **must only** be used for Duty and VAT purposes and not for shipping the goods.
 - UPS 8982RR
 - DHL 957382211
 - TNT 1612580
 - Fedex 387423796

If you have any queries please do not hesitate to contact me.

Kind Regards

Garry

Thank you Garry,

The lead time would be 8-10 weeks for this item - we are waiting for the sensor it needs.

I also need to inform you that since my reply to Vicki in November, this item has now been discontinued (after you have purchased the last one).

The alternatives for future reference are as follows:

0111274 - MaxN2 AE Nitrogen analyzer. These cost £430 each, plus £12 carriage, plus VAT.

0111273 - MaxN2 A Nitrogen analyzer. These cost £430 each, plus £12 carriage, plus VAT.

0111248 - Handi+ N2 Nitrogen analyzer with integral sensor. These cost £250 each, plus £12 carriage, plus VAT.

Though of course I am unable to guarantee the pricing will remain the same.

Many thanks.

Kind regards

Kate Griffiths
