Dear Piotr

Thank you for your email. I will add the the R-22Meds (0110022) to the order , but will not dispatch them until we have fresher date codes.

In regards to your R-22AV sensors, I'm afraid I will not be able to supply them in white boxes for this shipment, as we are waiting on a new delivery of boxes. We can supply them in the brown boxes, please see image attached for an idea of how they will look. I have made a cover label so that they will look similar to any existing stock, please let me know as soon as possible if this option is acceptable.

Kind Regards
Cathy Green
