Dear Sophie,

Best wishes form the New Year!

As I understand you still awaiting for the grease?

I spoke with our engineer and he said, that he need O2 sensors ASAP.

May be you can ship partially? And if you still mont know then you will receive O2 grease may be it is possible to cancel it?

We will have some overpaid invoices, but we can balance it on future orders.

Please advice.

Best Regards,

Tomas Desceras
