Hello, I have a Lebanese customer who wants his Paypal line, carriage line (UPS) and insurance line added to stock line on his proforma invoice for Leb. customs purposes. I have asked Helen. She says that is ok, but can I do an order with no carriage line? If not, I will just add Paypal and insurance to stock line. Don't want to break UPS system and I have never done an order without a carriage line....

Cathy, 11:34

need RED note to state that we are shipping UPS and also that i need to include insurance onto ups
