Subject: Failed OOM111 Sensors  
To: office@viamed.co.uk <office@viamed.co.uk>

Good Afternoon

One of our engineers has reported that two OOM111 sensors have failed when installed.

The serial number of these sensors are A124567 & A124575.

These were supplied to us in April 2023 on your delivery note no. DVM142552-1.

As these are less than 1 year old could you please arrange for them to be replaced or credited.

If you require the faulty sensors to be returned to you please advise accordingly.

I look forward to hearing from you.

Kind Regards

**Sarah Yeomans**
