Dear Aleh

I really appreciate your help.

Please find the test information we need attached. We need a comparison of the vent readings from 1x original Hamilton sensor and 2x of our flow sensors using the same Hamilton ventilator.

Would this be possible? Please let me know if there are any issues?

Best regards  
Ryan

Yes, no problem.  
You can ship the sensor to my assistant in Lithuania and he will do it (of course, non-officially).  
Later on I will let you know his name and private address to ship (it is better to ship to a private person rather than company).  
Aleh

Hi Aleh

Yes, it is a simple test to carry out, but we have to do it as part of our ongoing post market surveillance. Would you be able to carry this out for us?

Best regards  
Ryan

Hi Ryan,

Me and my partners in the Baltic states have access to Hamilton-T1.  
Do you want to check the calibration of your flow sensor with T1 ?  
Aleh

Thanks Aleh

We will give it a go and try and get a price for you.

Do you have access to a Hamilton T-1 Ventilator? I need to have our flow sensor fitted and calibrated as part of our ongoing technical files.

Best regards  
Ryan

Hi Ryan,  
At the moment I just need 1 box (25 pcs ? or 10 pcs ? not sure).  
Kind regards,  
Aleh

Hi Aleh

Please can you let me know how many sensors you might require?

Best regards  
Ryan

Good afternoon Aleh,

Thank you for your email.

I have checked with Ryan and he says he believes we can get them, but we do not stock them. If you can let us know what you need we can quote. Supply would back-to-back.

Many thanks.

Kind regards

Kate Griffiths

Viamed is now enacting hybrid working to allow sales and admin staff to work remotely and in the office. Telephone calls to the main office will be answered, but please continue to use email where possible.

Dear Sophie,

Please, let me know if you can supply "original" Envitec SpO2 sensors DN-2211-6. If yes, what is the price ?

Kind regards,

Aleh Satsishur,

Consumeda UAB
