Sorry Steve, please can you quote for x19 or 20 if that's a breakpoint?

Whats delivery looking like?

Thanks

Peter

Hi Peter,

I've had one of the engineers have a tinker and we do have a solution for you, the clamp you need is this one:

[Maxtec V Mount Rail Clamp – Viamed Ltd](#)

It's configured as a horizontal clamp but the V-plate is held in by machine screws, and behind it is a second set of holes that allows the plate to be rotated through 90 degrees.

P/n 0121198 Maxtec 'V' mount rail clamp @ £96.40+VAT

Carriage: £12.00+VAT

Availability: 6 in stock

On a separate matter, have you heard anything further from NICU re their enquiry for a MaxO2ME oxygen monitor? If that's no longer looking to be of interest, I can close that one off.

Best regards,

Hi Steve

I'm after several clamps like <https://automotive.viamed.co.uk/products/0121184-viamed-v-mount-rail-clamp?variant=45352128250159> but with the v oriented through 90 degrees as we have vertical medi rail, can you help?

Kind regards
