Thank you for your reply Peter.

As the sensor you require is for the Mindray SV600 ventilators, I can recommend part number 0110579 - OOM113. This is branded by Envitec and is directly compatible to the MOX3 in your data sheet.

The price breaks are as follows:

|             |                  |                       |                           |
|-------------|------------------|-----------------------|---------------------------|
| 1 = £ 45.00 | 2 = £ 42.75 each | 3 - 10 = £ 40.50 each | 11 or more = £ 38.25 each |
|-------------|------------------|-----------------------|---------------------------|

All prices are excluding VAT and carriage is free for medical oxygen sensors.

We currently have one in stock, but are expecting more stock to become available next week.

I hope this helps.

Kind regards

Kate Griffiths

Hello

I hope this email finds you in good health.

My name is Peter Jensen and I work in the Medical Electronics Department in Winchester.

What it is I have attached details on an oxygen sensor, I require? Do you have this in stock or a like for like sensor. This is for installing into a ventilator.

What would the price be?

Kind Regards

Peter Jensen
