Dear Sir/Madam,

**Inward Processing (Suspension) using a Simplified Authorisation**

**EPU:** 245 **Entry:** 005776R **Import Date:** 08/07/14

**Agent:** DHL INTERNATIONAL (UK) LTD **Agent's Reference:** 4688158182

**Country of Dispatch:** TH

We are aware that you have imported goods, under the above Entry Number, using IP with a Simplified Authorisation.

Under IP the Customs Duty, normally payable on import, is suspended to allow you to process and re-export the goods.

As you may not have used IP before, this letter is to tell you about the conditions that must be met to remain eligible to use the procedure.

1. You are allowed up to 6 months to carry out the repair or process to the goods. At the end of this "throughput period" you need to tell NIRU, within 30 days, what has happened to the goods. You should use the form C99 (Bill of Discharge) to do this.
2. When you re-export the goods, outside the EU, you should use the Customs Procedure Code 31 51 000 on the export declaration. You will need to tell the Agent who ships the goods for you that these are Inward Processing goods and are under Customs control.

If you do not meet the IP conditions, the duties and taxes suspended on import will become due.

You can find the link to the C99, and guidance on how to complete it, on our website [www.businesslink.gov.uk/niru](http://www.businesslink.gov.uk/niru) or the HMRC website [www.hmrc.gov.uk](http://www.hmrc.gov.uk). Further information on IP can be found in the Public Notice 221A.

This Office only has limited details of the imported goods. If you need any more information about the goods you will need to contact the Agent shown at the top of this letter.

Yours Sincerely

NIRU  
HM Revenue and Customs
