Thank you for the new order Dimitrios.

65 sensors have been shipped to you, which now leaves a back order balance of 200 sensors:

CVM147273 100 x 0110081 UFO 130-2plus new pro-forma order: **MVM148048 100 x 0110081 UFO 130-2**

We need to carry out some forward planning taking into account:

- 1) Production lead time of 12 -14 weeks. **Understood**
- 2) Xhale specific sensor performance requirements. **This information is already know to you as specified by Apostolos and Aris.**
- 3) As well as taking other customer orders into consideration.

If you need part shipments, what is the minimum quantity required? **We need 60 to 70 sensors per month**

Please note that part shipments will incur extra shipping charges. **Understood**

Do you have an idea of what your UFO 130-2 oxygen sensor requirements are going to be over say the next 6 months. **Around 360 to 400 sensors (estimation).**

Regards

Steve

Dear Steve,

We would like to order the Teledyne FINAL ASSY SENSOR UFO-130-2 in 100 units.

Shipping: Express Saver

Please, share a proforma invoice for this order at your earliest convenience. Please also inform us about the ETA and proceed with partial shipments.

Thank you for your time and efforts.

I remain at your disposal for any further information.

Best regards,

Dimitrios
