Include details of possible issues arising from the following:

- Unit of Measure
- Price
- If item is obsolete or on long-term backorder, suggestions for alternatives

The terms for placing this order do not include any obligation of buyer to pay any Medical Device Excise Tax associated with the products ordered by this purchase order. Shipment of product under this purchase order shall be construed as agreement by Supplier not to charge any Medical Device Excise Tax and that Supplier will pay any Medical Device Excise Tax required.

VAT regulations pertaining to dispatches and acquisitions have changed on 1st January 2021. In line with trade with non-EU countries, UK customs will treat cross-border trade as import and export. As such, additional steps are required to clear consignments at the point of entry.

Where HCA is the importer of goods into the United Kingdom, and therefore liable for customs clearance, you must instruct the carrier/agent to reference the HCA Healthcare **Purchase Order number** in all **Customs Clearance Documents**, including corresponding invoices.

For all imports, HCA Healthcare is using postponed VAT accounting. if you are not using FedEx, please inform your chosen customs agent accordingly. The carrier/agent must be advised to send a confirmation e-mail to purchasing@hcahealthcare.co.uk and with relevant documents attached.

All invoices issued need to include the **Purchase Order number** and should be sent to AccountsPayable.HCA@HCAHealthcare.co.uk, and you should advise the carrier/agent accordingly.

****PLEASE NOTE HCA HOSPITALS DO NOT HAVE Mechanical Handling Equipment Or Loading Docks to enable the acceptance of palletised deliveries.**

*Vehicles/Drivers delivering palletised goods will need to have, either a tail lift or the ability to offload the pallets themselves***

For international shipping (import into the UK), we would prefer our goods to be shipped Delivery duty paid. If not, then our preferred carrier/agent for HCA imports is FedEx.
