Hi Mohammed

1) country of origin: Germany

2&3) Unfortunately we no longer offer single sensors or free of charge samples. We can only supply a complete box of 6 and these would be chargeable.

I am sorry I can not be of more help on this matter.

Best regards

Ryan

Hello Rayan,

Thanks for the incoming email.

Please see the following points:

- 1- Please advise country of origin for the flow sensor.
- 2-Normally manufacturer supply free samples as a part of business support while distributor handling the shipping cost.
- 3- So, based on above please confirm providing us with a free box for proper evaluation.

Note" My colleague Mai who is copied on the CC will help with moving samples to Jordan", so please keep her posted.

Thanks.
