Hello Michael,

I was putting together my client's order to deliver it all together and I opened the last of the material I had bought from you.

Surprise!!!, it doesn't match the DIN Pressure Reducer (9711901), I got a DIN-22F Pressure Restrictor (9711006).

I'm sorry I didn't warn you before, I hadn't checked that what we bought is what we actually received.

But it is clear that I cannot deliver this to my customer.

Can you tell me how to proceed for the exchange?, the biggest problem will be the customs, I attach all the documents related to this purchase and shipment.

Dear Andrés

Thank you very much for your email.

Please find your proforma invoice attached.

Unfortunately I do not have any specifications for this part, we supply them primarily for use with the Teledyne MixChek Helium analyser, which is no longer manufactured, but we service them and stock parts for them.

Please let me know if you have any questions or specific information you need?

Best regards

Ryan
