26 September 2014

Dear Mr Lamb,

**MEDICAL DEVICES REGULATIONS 2002: REGULATION 19**  
**Registration of Persons Placing General Medical Devices on the Market**

Thank you for informing the UK Competent Authority of the company's details and for supplying the medical device information.

To enable us to complete the processing of your registration, we will require the following information;

1. Using the **Appendix A and B guidance document**, could you assign the appropriate product code(s). If you are unable to locate a product code for your needs please provide details of the intended claims for use, the mode of action of the device and any photographic or technical diagrams of the medical device you wish to register.

Please note, whilst this information remains outstanding we are unable to complete the processing of your registration. Additionally, should you not supply the information requested within 1 month of the date at the top of this letter we will assume you no longer wish your application to be registered. If this is the case we will archive the registration and you will need to re-apply. If you wish to withdraw your registration/notification could you provide confirmation of your instructions in writing for our records.

Yours sincerely

Jasu Patel

020 3080 7195  
020 3118 9809
