

The Butterfly™ Steep Trendelenburg Positioner

Robot
Friendly

| Part No. | Model Number | Description |
|----------|----------------|--------------------------------|
| 2710520 | BD-BUTTERFLY-G | Steep Trendelenburg Positioner |
| 2710521 | BD-BF-CUR-12 | Disposable Covers - Pack of 12 |

- **The World's First and only Gel Bean Bag Positioner** for use in steep Trendelenburg procedures
- **Integral layer of Blue Diamond Gel** for maximum patient comfort and protection
- **6 Securing Straps** - can be replaced if compromised
- **6 Welded Cleats** (not sewn into the bladder) for maximum protection against tears and rips
- **Full IV access** to the forearm
- **Gel hand flaps** cover the patient's hands and holds them in place
- **Gel wings** support & cradle the patient around the upper arms and shoulders
- **Can be easily moulded** for optimal surgical site access as necessary
- **GU style cutout** so as not to interfere with the surgical site
- **Wide head cutout** for improved anaesthetist access
- **Replaceable valve system** if damaged - one click open/close valve, no more crushed valves
- **Constructed of a strong polyurethane bladder** (far more durable and pliable product than PVC)
