Hi Catrin,

Yes a few samples would be good to fit the Philips – I can get a clinical stance on how well they work:

Subject: Re: Bis sensors

Hi Chris

Hope you had a good Easter weekend.

I just wanted to get in touch to see if there was anything else you required from us regarding the BIS EEG sensors.

We can offer you samples, should you require.

I look forward to hearing from you.

Kind regards

Catrin Hollings

Thanks for your enquiry Chris, I can see that Aqib has provided you with the pricing and leaflet already.

We do have further information on compatibility on our internal systems so if you require further clarification regarding compatibility please let me know.

This is a new product, which has only recently launched for us, so we would love to hear your feedback regarding the products, marketing materials and pricing.

Thanks

Kind regards

Hi Sales,

I would be interested in your pricing per box – do you have a sample we can see or use?

Kind Regards
