To: Lynnette Qualls <admin@kissrebreathers.com>

No problem Lynnette, thank you for the clarification.

Can I leave you to update Gus regarding the back orders..?

Regards

Steve

Hi Steve, I am sorry about all the confusion. Yes, I forgot about the price difference. I will make a note on the PO for the difference.

This is the correct amount:

P.O 554 22/04/2024
75 x 8010028 K-22D SMB sensor with SMB connector, badged as KISS sensor, £36.50 each

P.O 548 26/03/2024
100 x 8010033 DT-SMB sensor with SMB connector, badged as Dive Talk sensor, processed at the old price of £29.35 each

And we are sorry about the confusion with Gus, we will coordinate better with all that next time. Mike had forgotten he told me to order DT sensors. Thanks so much for your patience.

Hi Lynnette

As previously discussed, the price of the new SMB sensor for the first two orders (50 supplied, 100 pending) have been processed at the same price of the K-22D until the sensor has been finalized/accepted. If you are happy with the last 50 sensors supplied then we can establish the firm pricing as follows:

8010028 K-22D - new sensor with SMB connector, badged as KISS sensor.

25+ GBP £39.35

50+ GBP £36.50

100+ GBP £34.10

500+ GBP £32.00

8010014 K-22D - original sensor with Molex connector, badged as KISS sensor.

1+ GBP £38.00

50+ GBP £32.60

100+ GBP £29.35

500+ GBP £27.15

You already have an order in progress for 100 x 8010033 sensors, new sensor with SMB connector, badged as Dive Talk sensor. Can you please confirm that in total you now require:

P.O 554 22/04/2024

75 x 8010028 K-22D SMB sensor with SMB connector, badged as KISS sensor, £36.50 each

P.O 548 26/03/2024

100 x 8010033 DT-SMB sensor with SMB connector, badged as Dive Talk sensor, processed at the old price of £29.35 each

We also need to discuss the supply of the DT-SMB sensors to Dive Talk. Gus contacted me earlier today:

Gus Gonzalez

to Steve ▼

Steve,

How can we place an order for sensors?

Do you have everything you need to make sensors with the Dive Talk logo on the label?

How many do we need to buy on the initial order?

Thank you.

Gus

Regards

Steve
