Hi,

Please can someone generate a proforma invoice for 2x 0111265 UltraMax O2.

If it can be raised and checked, I will send it. They will pay it alongside clearing their outstanding account balance so that they can then order 12 more units on credit.

Thanks,
SteveSteve Hardaker

Subject: RE: Availability

To: Steve Hardaker <steve.hardaker@viamed.co.uk>

Good morning Steve,

I hope you're well.

The project that these oxygen analysers are required for has increased to 26 sites, so please may I increase our total order from 25 to 26?

Please may I have a pro forma for two oxygen analysers and then I can get it paid along with the first invoice ready to then place an order for the final 12.

Thank you,

Kind regards,

Amy Philpot

Hi Amy,

I'm doing good, thanks, I hope you are well too.

Thank you for the order, we will get this processed as soon as possible. We have 12 in stock right now, and as it stands will only have 10 left after this has been processed, but we should be able to get more within the next couple of weeks and hopefully by the time you place the next order.

Best regards,

Steve Hardaker

Hi Steve,

I hope you're well.

Please may I place an order for 12 UltraMaxO2 Oxygen analysers, using the order number L/1412/171-INTU-US?

We will be placing an order for the remaining 13 analysers in the next few weeks.

Thank you,

Kind regards,

Subject: Re: Availability

Hi Tony,

Have you had any thoughts on how you would like to allocate the ordering for the 25 UltraMax O2?

Also, do you have a time frame for when you will require delivery? No rush but just to be aware, we will need to order more stock in order to meet the full allocation of 25 and we don't have a restocking order scheduled at this stage, so the lead-time will be 2 weeks from when we receive your order.

I look forward to hearing from you, and if there is anything I can help with, please let me know.

Best regards,

Steve Hardaker

Hi Tony,

We currently have 15 free stock available now, the lead-time on additional units would be around 2 weeks.

Your credit limit is set to £6k+VAT, so in a single order we can ship 12 units on account, or 15 with 3 on proforma invoice:

12x 0111265 UltraMaxO2 Oxygen analyser @ £478.40 (distributor price).
1x Carriage @ £12.00+VAT

Once that is cleared we can ship more units on account. Alternatively, you can raise a PO for the full 25 and we can split it over a proforma for 13 units and 12 units on account.

What kind of time-frame are you working to and would a split delivery help you at this stage?

Hi Steve and colleagues,

Hope all is well. Please can I have pricing and lead time for 25 Ultramax analysers? This is to equip engineers who will be enrolled in our Biomedical online training course which is proving very successful and oversubscribed actually.

Many Thanks,

Tony.
