Dear Ryan,

We would like to put new order as following.

10 x TEK-OX Auto

5 x R-33DE

Would you please prepare these for us?

Best regards

Hi Greg

I am very well, thank you very much, I hope you are too.

We supply the sensors in a sealed bag, similar to Analox. The warranty is 12 months from the date of invoice.

Best regards

Ryan

Dear Ryan,

I hope you everything are well.

We're going to have a new order for the O2 analyzers very soon.

Since we used to be Analox dealer, we think we would need some sensors for customer service.

Would you please confirm about how the warranty would work for sensors for Analox?

And how's the packing for sensor would be?

When we import sensors from Analox, they're all in vacuum package for extending life.

I wonder if you have such design?

Best regards
