

Steve just on with Honeywell order, they have requested the Oxygen sensor bags for the 16th May and rest of order for 6th June, Shall I add it to system as 2 orders ?

Steve, 15:49

Can you add as one order but split delivery? 😊

Not as far as I know we can't

I can put it as a part shipment but the dates will not show as you want

Steve, 15:53

Put on as two orders but use same order number ref., you could differentiate by say adding -1, and -2. 😊
