Hi Sameena,

Please can you provide your full company address details so I can add you to our system to process your quote request?

Kind regards

Sophie Lines

Dear Sameena,

Thank you for your email. I can confirm that the weight and dimensions, if you were to order 1x V1000 would be:

32 x 24 x 12 cm

1.2 kg

If you would like me to send you an official quotation please let me know.

Kind regards

Sophie Lines

Dear Sophie,

Kindly share the weight and dimensions. I'll share them with the client and let you know their response. We'd also appreciate any discount you can offer, as this is our first client for this item. A competitive price will help us win more business.

Good morning Sameena,

Thank you for your reply. Please accept my sincere apologies, as the price I have mentioned in my first email is not correct. I have had clarification from our export sales manager, the price per unit is **\$922.60**

Please let me know if you will still require the weights and dimensions?

Kind regards

Sophie Lines

Dear Sophie,

Thanks for sending the picture! To finalize the order, I just need some additional information to get a shipping quote:

Could you let me know the address where the courier company can pick up the product?

Knowing the weight and size of the product will help determine the shipping cost.

Once I have this information then we can finalize the order.

Regards,

Good afternoon,

Thank you for your inquiry. I can confirm the trade price for the V1000 Foetal Heart Simulator is \$599.70 EXW

The product is available in stock, ready for dispatch within 1-3 days from receipt of payment.

If you would like to place an order, I can provide a Proforma Invoice which can also include carriage costs to Dubai using our courier service UPS.

Kind regards

Sophie Lines
