Hi Michael

I am really pleased to hear the evaluation went well.

We have limited samples to two per hospital, but we can supply a box if you can raise a purchase order.

Would it be possible to place a purchase order at this stage?

And if so, would you like me to send a quotation?

I look forward to hearing from you.

Best regards

Ryan

Hi Ryan,

Thanks for the samples. Both were used and we were impressed.

I was wondering if you could afford to send me a few more or if need be I could buy a box to allow further anaesthetists to assess before long term comital?

Thanks

Michael

Hi Michael

Thank you very much for your reply.

We would be very happy to send you a couple of sample sensors, I will look forward to your feedback and I am sure you will not be disappointed with the quality.

Please can you let me know the delivery details; address, department and a contact telephone number?

I will await your reply.

Best regards

Ryan

Dear Mr. Michael Garrett

One of your colleagues gave me your details.

We have recently launched some new disposable EEG sensors for use with BIS enabled monitors.

I am pleased to inform you that we offer a high quality product that has undergone extensive testing at a very economical price.

Please find our brochure and pricing attached. On the second page of the brochure, we have listed some examples of the monitors that the sensors can be used with.

Please let me know if you have any questions or if you would like to try some samples.

I look forward to your response.

Kind regards

Ryan
