Hello Umar

Good morning

Thank you for your email.

Purchasing the V1000 Foetal Heart Simulator will include an hard plastic carrying case and 4 x AA batteries, you will need to purchase the case protector separate, I will state our price and part number below for that.

1420001 - Case Protector For V1000

1 = \$44.80 each.

The current warranty period for the V1000 is 12 months from being invoiced.

Regards to the training, this device is very simple to use and usually training is not necessary, but we can arrange if required.

Can you please clarify what you mean by port of shipment?
