

Identification of cots and cot lids

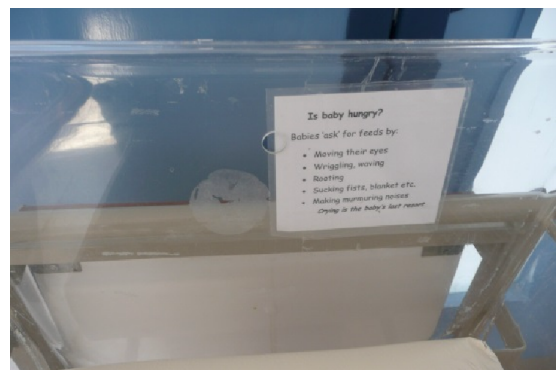

Customer: Poole Hospital (a/c 00004200/00004201)

From the measurements and photographs provided we have determined the lids most likely to fit the cots.

From T.C.U. we believe that this is a Hoskins cot. The cot has a flat bottom and no raised handles.

The external measurements as taken by Keith Taylor are 415(W) x 720(L)

Part number	Description	Dimensions
PP8776	One piece cot lid	External dimensions 413mm(W) x 712mm(L)
PP8711	Folding cot lid	External dimensions 413mm(W) x 712mm(L)

The cot from the delivery suite is an Arjo-Huntleigh 34030 unit. The unit has raised moulded handles at each end. The bottom of the cot has six strengthening ribs.

The external measurements as taken by Keith Taylor are 422(W) x 737(L)

Part number	Description	Dimensions
PP8790	One piece cot lid	External dimensions 428mm(W) x 735mm(L)
PP8789	Folding cot lid	External dimensions 428mm(W) x 735mm(L)

The cot that Keith Taylor identified as a Nesbit-Evans, due to it being in a Nesbit-Evans frame, is a Bristol Maid 2PLC0014 unit.

The unit has single rib/foot at each end of the bottom of the cot. There are four holes in the bottom. There are holes at each end near the top at the centre. There is a manufactures date code moulded into the base.

The external measurements as taken by Keith Taylor are 425(W) x 740(L)

Part number	Description	Dimensions
PP8788	One piece cot lid	External dimensions 433mm(W) x 735mm(L)
PP8787	Folding cot lid	External dimensions 433mm(W) x 735mm(L)
