## Invoice/Packing slip

			Order #	Date	Record #
			02-04724-78296	25-Mar-2020	1471
Quantity	Item #	Picture	Item name	Price	Subtotal
1	153461539839		MD300-C2 (MD300-D) Finger Pulse Oximeter	£30.00	£30.00
				Subtotal:	£30.00
				Postage & packaging (Royal Mail 1st Class Signed For):	£0.00
				Seller discounts (-) or charges (+):	£0.00
				<b>Total:</b>	<b>£30.00</b>

**Note:** The prices on eBay orders are inclusive of VAT.

The Intrastats UK End user total price is the same but excludes VAT. When adding to Intrastats, the end total invoice value should be equal to the total paid value of the eBay order (within a couple of pence).

For example: 2810011 is priced at £30.00 on eBay, this would be processed on Intrastats at £25.00 with VAT code 1. This also applies to postage (as we charge VAT on this also), therefore if eBay states a price of £12.00 postage, you would input this as £10.00 with VAT box unchecked on Opera.

**Calculating VAT:** eBay price (i.e. £30.00) divided by 120 and multiplied by 100 = £25.00 (£30.00 minus VAT).

Postage example: eBay Price (£12.00) divided by 120 and multiplied by 100 = £10.00 (£12.00 minus VAT).

**Note:** *Currently not all eBay orders include UK carriage and they can upgrade the shipping service or purchase from outside the UK. If carriage isn't included or if the customer has upgraded the service, it would be shown in the 'Postage & packaging' section.*

*Please be aware that when we are sending outside of the UK that the postage service shown on eBay may not be correct. Please see the 'Royal Mail Franking Guide' document # 28158 for the correct service to use.*

Seller discounts (-) or charges (+):					£0.00

Thank you for your order!

When adding postage price to Intrastats this is excluding VAT:

E.g. £5.00 carriage on eBay is £4.16 in Intrastats, £12.00 carriage on eBay is £10.00 in Intrastats.

### Which delivery service should be used?

Follow VM3COP03.011 for the service but disregard the carriage pricing, see note above.

For products not included on VM3COP03.011, please check with Goods Out regarding size of packaging and best shipment method.

The order with eBay delivery note should then be checked as per VM3COP20.32 and taken to goods out.

## Customers using the Global Shipping Program

eBay now offer a Global Shipping Program, this means that customers from outside of the UK can use this service to get a reduction in the amount of postage they pay.

For example, within the UK we offer free postage for Pulse Oximeters, if we were to sell outside of the UK we have a standard £12 postage charge.

The postage paid by the customer is not paid to us but to a Third Party Delivery Provider. Therefore you **MUST** read the invoice carefully and use the figures which are stated under **Paid to Seller**. Also double check the delivery address, the information here will state if it is to be delivered to a Hub in the UK or directly to the customer.

## Received Offers

Certain listings allow for offers to be made to the seller. Should these be received please consult Catrin or Helen before accepting. Usually the customer will look at a counter offer before accepting so we may go back to them with an alternative price.

Offers received, which are £20 less than listed price, will not be accepted. Above this (product dependant) will be considered. Please feel free to Skype Catrin with these queries any day of the week.
