Hi Kate,

The part number and price for the missing item has now been added. Note that there is a correction to the part number on line 3, it should be:

P/n: RP56P02-**009**

Des: O-Rings for Flow Meter, Qty 2

Quantity req: 5

If you want to send it back to me when checked, I will send and follow up.

Thanks,
Steve H

Hi Tarun,

Thanks for the update. This appears in the service manual as 'O-rings for flow meter QTY:2'

We don't have this item in stock, but will order some in for you.

Do you need 10 in total, i.e. 5 packs of 2, or do you want 10 packs?

Best regards,

Hi Tarun,

It looks like you have duplicated part number RP56P02-901 but with a different description, do you need 20 of these or are they different parts?
