Jacomedic AS, a well-known supplier of medical consumables for over 30 years, has now merged with Modul Nordic AS. This merger represents a strategic decision to strengthen and expand the offerings of both companies under a common brand name. It is a step towards building a more robust and dynamic company, capable of delivering reliable electromedical equipment and consumables to the Norwegian healthcare market.

For customers, partners, and employees, this signals an exciting new phase with increased opportunities and enhanced collaboration, driven by shared goals of quality and innovation.

The merger means that, as of June 1, 2024, Jacomedic AS will operate under the name and management of Modul Nordic AS.

Good morning Lars,

Thank you for your order. **Please could I advise you that we have only 14 x 0021266 - SMARTsat in stock?** Would you like me to change your order to 14, or part ship on UPS account 5V8W88?

I have used part number 0014752 - SpO2 silicone finger sensor - adult as the free accessory like your last order. Is this the accessory you require?

I have updated your account to show the name of Modul Nordic AS. Please could I ask which email address invoices are now to be sent to?

I await your reply.

Kind regards

Kate Griffiths
