Dear Ryan,

Finally we got a green light:

We will go for *0 - 120 lpm version*

Please validate the offer accordingly and share the invoice for funds transmission.

I think this unit will see in the region since we will now have a reference.

Dear Kate,

Hope all well.

It has been a long time trying to push this deal through but finally the lpo should be out this week.

In preparation, I would like you to confirm the delivery timeline for the units and from you experience would you advice we go for 0-120 or 0-160.

We will go with the best option you advice.

This will be a good reference point for us and for your product into the market.

Good afternoon Vitus,

Thank you for your reply.

Please could you tell me which blender you require, there are four to choose from. All include the muffler and filter in the price.

They all cost \$900 each (distributor pricing). These items are not currently in stock, I would have to let you know a lead time at a later date should you choose to proceed.

The filter - 0330400 costs \$1.36 each.

I would be happy to create a proforma invoice for you showing carriage and any other charges. In order to do so, I would need your invoice and delivery address so I can set up an account for you.

Please let me know if I can be of any further assistance.

Kind regards

Kate Griffiths
