Subject: UFO 130-2 Teledyne

To: <info@viamed.co.uk>

Hi, my name is Edison Nery, I am from Rio de Janeiro, Brazil.

I work with some devices that use Teledyne's O2 sensor UFO 130-2.

I have already tried to buy this sensor from some companies but it wasn't possible.

I have a schedule for purchasing some sensors like these each year. I am searching for a company to be my partner that can sell me this sensor.

It can be a good partnership for both of us.

Please, let me know if you can sell me these sensors. I now need to buy 5 sensors.

I hope we can find a way to collaborate.

With best regards.

Edison Nery
