

Carbon film resistors CFR 25 0 - 33W 5%

Neohm ▲

DB11

Low cost, excellent stability against load and moisture, very low noise level and very high reliability make this range suitable for specification in measuring, communication, audio and computer circuitry. Product is bandollered.

Rating: 0.33W @ 70°C

Tolerance: 5%

Body: 6.4 x 2.3 mm Leads 0.6 mm diameter

Body Temperature Coeff: -150/-800 ppm/°C

Max. Overload Voltage: 500V

Dielectric Strength: 500V
