Hello

Good morning

That is what I am trying to figure out as on your purchase order you have stated the Max-550E but Sophie gave you a price for the Max-250E (0110429).

Can you please confirm if you require the Max-550E or the Max-250E?

Kind regards

Good Morning,

This is not the correct article number.

We have received an offer from Sophie Lines last year.

How can it be that the price has risen so much?

Dear Sandra,

Thank you for your email.

I can confirm the price for the MAX-250E Oxygen Sensor (part number 0110429) is €57.30 EXW. Please let me know if you would like to place an order and I will be happy to process this for you.

Kind regards

Hello

Good morning

Can you please confirm what product you require as the description and the part number are two different products.

If you require the Max-550E Oxygen sensor, the part number for that is **0110452** and the current price is **\$95.70** each.

Please can you confirm if that is the correct part so I can proceed with your order.

Kind regards

Good morning,

We never need insurance. Could you please make a note of this so that this query is not always asked when the order is placed? Thank you very much.

If we do need insurance, we will inform you accordingly when you place your order.
