Hello Steve

This is what I need at this moment,

Replacement parts for use with Precision Medical flowmeter:

5630102 Flowmeter Tube 0-70 lpm	£ 9.90 each EXW	x5
5620075 Flowmeter Output Connector - Plastic, White	£ 0.95 each EXW	x5

Alternative complete flowmeter:

0320211 Flowmeter 0 - 70 lpm	£93.40 each EXW	x7
0320220 Flowmeter Tapered Outlet Connector.	£ 4.90 each EXW	x7

Can I have the quote for the flowmeter and tapered outlet as three separate quotes, with a quote for 2 flowmeters and outlets on two quotes and 3 flowmeters and outlets on the other quote.

I need to charge different wards separately. The tubes and output connectors can be added to any of the quotes for 2 flowmeters. Hope this makes sense.

Thanks

Thank you Patrick

If you can let me know the quantities, I'll then be able to process a quotation and advise availability...

Hello Steve

The disposable white plastic nipple will be fine.

Thanks

Hi Patrick

Do you mean the screw on white plastic disposable tubing nipple? Reusable metal ones are also available.

Oxygen

Oxygen with chain

Hex Nut Tubing Nipple

Hello Steve

I will need to contact the Sister involved on the Respiratory ward for how many she requires and how many 70LPM flowmeters with have with broken tubes. Do you have a price for the 70 LPM flowmeter, tube and if you can supply the screw on bleed nipple a price for this also.

Kind Regards

Patrick.

Hi Patrick

Sorry for the late reply. If you wish we can supply the replacement tubes as a spare part, how many would you require?

Or do you want a complete replacement flow meter?

Regards

Steve

Dear Patrick

Can you please supply an image or images of the existing flowmeter. I am trying to determine the inlet connector type, i.e. DISS male or DISS female.

Regards

Steve

Dear Patrick

Please see the attached images regarding the Precision Medical 0 - 70 l flow meter, which has a DISS input fitting at the rear. The images show the 0 -15 l version (same series).

Can you please confirm that this is the type you are looking for?

Regards
