Dear Florian

Thank you very much for your message.

I am pleased to inform you that we have a specific sensor for the DSX, the R-22DSX.

Unfortunately the R-22DSX does not currently appear on our website, but if you purchase the R-22VAN at the link below and let me know when you place the order, I will amend your order and make sure you receive the R-22DSX.

[R-22VAN Oxygen Sensor \(0110232\) – Vandagraph](#)

Please let me know if you have any questions.

Kind regards

Ryan

Bonjour,

Je cherche une cellule oxygène pour Apeks DSX. Aqualung m'indique votre contact pour une cellule R-22 D. Je ne trouve pas la référence exacte sur votre site.

Pourriez vous m'indiquer la référence à commander sur votre site ?
Merci.
