Dear Khalid

The sensors would be made to order, this would take 4-6 weeks from receipt of order and the manufacturing date would be August/September 2024.

Best regards

Ryan

Dear Mr. Ryan,

In principle it is accepted, so assuming we will transfer the payment next week can you check the nearest manufacturing date of the analyzers you can get from Honeywell.

Hope to hear from you urgently

Dear Khalid

Please accept my reply.

You have raised a good point and under the circumstances we would be willing to make a special order for you.

If you decide to proceed with the order, we will in turn make a fresh order with Honeywell. Please note that they may not be manufactured in the same month as supply, but they will be from the latest Honeywell inventory.

Please let us know if this would work for you and your client?

Best regards

Ryan

Dear Ms. Kate,

Unfortunately until the dilemma of production date is solved we cannot purchase any more devices, as our customers refuse to accept them.

Dear Mr. Ryan,

I did check the sensor packaging again, unfortunately the sensors are not (sealed), so they are exposed to oxygen starting from production date. Original packaging consist of simple carton box without any special sealant for the sensor.

Thanks for your understanding, hoping that you can help me to get newly manufactured batch of the device.

Good afternoon,

Just a quick email to let you know that proforma invoice **MVM151082 expires on Wednesday** (14th August) and our system requires me to delete it. I can of course issue another proforma invoice at any time.

Many thanks.

Kind regards

Kate Griffiths

Good morning Khalid,

Thank you for your PayPal payment. I have asked our export manager to order the UK certificate of origin and we will let you know when that has arrived and when your shipment is ready for collection to be arranged.

Please see attached copy of your order confirmation.

Kind regards
