Straight Forward, Honest & Expert Advice

Dear Helen

Thank you for using Annex Solutions to facilitate your current gas contract. As your contract is due for renewal, we would like to continue to save your business time and money.

We do not want you to miss dealing with your renewal and end up paying **very expensive variable or out of contract prices** with your supplier. Annex Solutions can secure lower prices on a **fixed price plan**.

No Need to Shop Around

Annex Solutions provide a **totally independent service**. We deal with **major energy suppliers** as well as **smaller independent companies**. Our consultants will review your gas consumption, geographical location in the UK and general energy price movements before making our recommendation for your business gas supply.

We will do all the work to arrange your contract and will ensure a smooth transition between energy suppliers, if a transfer is required. In addition, we will continue to provide our ongoing **account management service**. You can contact us at any time with any questions or queries relating your energy bills, meter readings, payments or contract.
