Hello Ryan

Yes please we would like to accept this used machine at £325 (presumably with £10 postage), as long as you will honour the 2 year guarantee. My Manager is on annual leave this week , though popping in on Friday so I can ask her to pay then or will do it on Tuesday if that is OK. So if you could send the

pro forma invoice ill have it ready for her on Friday. If you have already sold it elsewhere now then can we order a new one please.

Thank you

Clare Barnett

Thank you Clare

Please let me know if you want to proceed with the order?

I can send you a proforma invoice as and when you are ready.

Incidentally, we have a Mysign O that was used for a couple of days last month at an altitude training centre, the device is new and without any damage or wear, but it is missing its outer packaging (cardboard box). If you are interested, we would extend to you the same 2 year guarantee, but we could offer it for a special price of £325.

I look forward to hearing from you.

Kind regards

Ryan

Hi Clare

Thank you for your email.

I can recommend the MySign O monitor, please find the leaflet attached and the pricing below:

Oxygen monitor MySign O Kit = £395 each EXW

Carriage £10.00

Total = £405

Total with VAT = £486

If you are a registered charity you can provide us with an exemption form and we can remove the VAT.

The MySign O has a desktop stand, we can supply a rail/pole mounting bracket if required, but this would not be supplied as standard.

Please let me know if you have any questions.

Kind regards

Ryan

Hello Ryan

I'm getting in touch again as we have now come to the decision it really is time to buy a completely new Oxygen monitor. So really asking you for the costs please. It will need to be one that has the alarm on when the oxygen goes below or above the levels we decide. For us that is between 19- 25.

Thank you and I eagerly await your reply.
