Subject: [EXT] Scheduled shipment dates for the current back orders

Hi Pieter

The following are the scheduled shipment dates for the current back orders:

September

CST150487 09/09/2024 Ship remaining 300 from **4536012134**

CST150489 09/09/2024 Ship 200 in advance from **4536012135**

This will then leave:

October

CST150489 09/10/2024 Ship remaining 400 from **4536012135**

400 sensors for October, is this sufficient?

Do you have any requirements for November/December?

Regards
