Good morning George,

Thank you for your email. I hope you had a lovely weekend too. They go by so fast!

Would you like me to put on an order for 4 x 0110040 R-30V? (in stock) If so, is there a PO number you would like to use?

Kind regards

Kate Griffiths

Subject: Availability of part number 0110410

Good afternoon Georgina,

Further to our telephone conversation earlier, the lead time for part number 0110410 - MAX-10 oxygen sensor is approximately 4-5 weeks.

The price breaks for part number 0110410 - MAX-10 are as follows:

1 = 88.40	2 = 86.20 each	3-10 = 84.00 each	11 or more = 79.60 each
-----------	-----------------------	-------------------	-------------------------

(The above price breaks are not available when ordering through our website)

We can offer an in stock alternative sensor - part number 0110040 - R-30V as follows:

1 = 67.00	2 = 63.65 each	3-10 = 60.30 each	11 or more = 56.95
-----------	-----------------------	-------------------	--------------------

Carriage is free for medical oxygen sensors and all prices are excluding VAT. There is no minimum order quantity.

Please let me know if you require any further information.

I have attached the data sheet for both sensors.

Many thanks.

Kind regards

Kate Griffiths
