Dear Sophie,

I hope this message finds you well.

Thank you once again for your previous correspondence and for providing the Proforma Invoice and product details. As I mentioned in my earlier communication, we are still in the decision-making process regarding the sensors. Should we decide to proceed with a purchase order, I will inform you accordingly.

We greatly appreciate your assistance and will reach out if we require further information or clarification.

Kind regards,

George Katsioulis

Good morning,

I am just following up on our previous emails, as I have not heard back from you. The attached Proforma was emailed on 21 August, and therefore expires on 21 September. Please can you let me know if this order is still of interest to you?

Kind regards

Good afternoon,

Thank you for your reply. Please find attached your Proforma Invoice as requested. I have included carriage and insurance costs using our courier UPS - however, if you would like to arrange your own, please let me know and I can remove this from the Proforma Invoice and resend.

Unfortunately, we do not have this sensor in stock at the moment - I would estimate the lead time to be approximately 4-6 weeks from receipt of payment.

If you require any further information please do not hesitate to contact me.

Kind regards
