Dear Lora

Thank you very much for your message.

We do not work with distributors; however, I can confirm that we would be happy to supply you directly on a trade basis.

Please find attached our trade prices and some product information. While we do not impose any minimum order quantities, we kindly request that initial orders are prepaid. Payment can be made by bank transfer or credit card.

When you are ready to place an order, please email us with your request, and we will provide you with a proforma invoice.

Please note that the TEK-OX analyser is readily available, but we are currently experiencing delays in the production of the VN202. The manual off version of the VN202 is available from stock, but the auto off version may be delayed by a few months.

I look forward to hearing from you. Please let us know if you have any further questions.

Kind regards
Ryan

Hi,

We are a dive shop in Belgium, namely Scubaxp.

<https://scubaxp.shop/>

Is there a distributor in Belgium or the Netherlands for your products?

Best regards,

Lora Van Nieuland
