Hi Ryan,

Thank you for the update. Please proceed with the purchase of the 50 sensors and arrange for shipment as soon as possible. Could you kindly send me the updated proforma so I can proceed with the payment?

I have a delivery for the military market, and timing is crucial.

Thank you for your understanding.

Best regards,
Francesco

Hi Francesco

Regarding your potential order, I currently have 50 sensors available in stock. If you require 100, I may be able to fulfil this in approximately 7–10 days, but I would need a couple of extra days to confirm.

Best regards

Ryan

Hi Ryan,

I hope you're doing well. I wanted to check in and see if you have any updates for me regarding the quantity and the delivery times.

Looking forward to hearing from you.

Best regards,
Francesco

Hi Francesco

The price would not be affected by the quantity. Please give me until later today to see if we can make any improvements on the delivery time.

Best regards
Ryan

Hi Ryan,

Thank you for your prompt response and for sending the proforma invoice.

I have a couple of questions regarding the order. If we reduce the order to 50 pieces, would the unit price still remain at £38? Also, would it be possible to improve the lead time and deliver sooner than 6 weeks? The products are quite urgent for us, but splitting the shipment into two deliveries would increase our costs significantly due to customs fees.

Therefore, I would prefer to place a smaller order now and schedule another for an additional 50 pieces later. I look forward to hearing your thoughts.

Best regards,
Francesco

Hi Francesco

Thank you very much for your order.

Please find your proforma invoice attached. Our bank details are listed on the invoice, or I can send you a link if you'd prefer to pay by card.

Regarding the lead time, it could take up to 6 weeks. However, I may be able to rearrange some orders or provide a part shipment if it's urgent, please just let me know.

I look forward to hearing from you.

Best regards
Ryan
