Hi Ashok,

Thank you for your email. I have just asked our warehouse to process the invoice without the HS code as requested, however they have already processed this with the codes. We believe most couriers require HS codes in order to process shipments as well - please can you let me know which courier you were wanting to use? Are you happy for us to proceed with the documents as they are now, or should we still remove the codes?

Good afternoon,

Thank you for your email. Please find attached a Proforma Invoice for 3x UFO 130-2 Oxygen Sensors as requested. I have used the company name shown in your email, however your account is still on our system under Vasmed - please can you confirm if this should now be amended to Steripharm?

I can see you have your own shipping in the past, so I have used EXW on your Proforma - however if you would like me to calculate a shipping cost via our courier UPS, please let me know and I can amend the Proforma accordingly.

I look forward to hearing from you.

Kind regards
