Good morning, Catrin:

Thanks for your message.

Yes, I have reviewed your page because I want to buy the V1000 simulator, and I understand that you cannot ship it outside your country.

I saw that your company will be in Medica, Germany. I will also be there, is it possible that I can buy it at the fair? Please confirm this information for me, if so, I will arrange the payment there.

Otherwise please let me know.

Greetings.
